Carbon Policy

Jigsaw Industrial Ltd

Jigsaw Industrial Ltd recognises the urgent need to address climate change and is committed to measuring, managing, and reducing our carbon footprint across all business operations. As a UK manufacturer of PVC strip curtains, we understand that our activities, supply chain, and products contribute to greenhouse gas (GHG) emissions, and we take responsibility for minimising this impact.

Our Commitments

Compliance & Transparency

- Comply with all relevant UK environmental and climate-related legislation.
- Measure and report our carbon emissions (Scopes 1, 2, and where possible, Scope 3) in line with recognised standards.

Carbon Reduction

- Set measurable carbon reduction objectives and targets aligned with national Net Zero 2050 goals.
- Reduce energy consumption in our manufacturing processes and facilities through efficiency measures and investment in lower-carbon technologies.
- Transition to renewable or lower-carbon energy sources wherever feasible.

Supply Chain & Materials

- Work with suppliers to encourage responsible sourcing and lower-carbon alternatives.
- Seek opportunities to increase the use of recycled and recyclable materials in our products and packaging.

Transport & Logistics

- Minimise emissions from company vehicles and logistics by optimising routes, reducing unnecessary journeys, and considering low-emission alternatives.

Employee Engagement

- Involve employees in carbon reduction initiatives and raise awareness of best practices for energy saving and sustainable behaviours.

Continuous Improvement

- Review carbon performance annually, monitoring progress against targets and identifying opportunities for improvement.
- Update this policy to reflect changes in legislation, technology, and best practice.

Implementation

- Carbon management is embedded into our wider Environmental Management System and strategic decision-making.
- Progress against carbon reduction targets will be reported to senior management and shared with relevant stakeholders.
- This policy will be reviewed annually to ensure it remains appropriate to the scale and nature of our operations.

Through this policy, Jigsaw Industrial Ltd demonstrates its commitment to reducing our carbon footprint, supporting the UK's transition to a low-carbon economy, and contributing to a sustainable future.
